

Infant Safe Sleep

This training focuses on:

- Infant Safe Sleep
- Learning safe sleep practices
- Reducing risk of infant death
- Teaching best practices
- Providing families with safe sleep materials

Cribs for Kids

This program promotes safe sleep for infants of Isabella County. Parents or primary caregivers who are in need of a safe sleeping space for their infant can participate in this program. After completing the one hour safe sleep education program, caregivers will receive a new pack-n-play, along with other materials promoting safe sleep.

Back is Best!

Every year, around 3,500
babies in the United States
die suddenly and
unexpectedly while they're
sleeping. Most of these tragic
deaths are due to sudden
infant death syndrome
(SIDS) or accidental deaths
from suffocation or
strangulation.
