

ISABELLA COUNTY CHILD ADVOCACY CENTER PRESENTS CRIBS FOR KIDS

This program promotes safe sleep for infants of Isabella County. Parents or primary caregivers who are in need of a safe sleeping space for their infant can participate in this program. After completing the one hour safe sleep education program, caregivers will receive a new pack-n-play along with other materials promoting safe sleep.

THIS TRAINING FOCUSES ON:

Reducing risk of
infant death

ABC's of Infant Safe Sleep says:

Babies should sleep **ALONE**,
on their **BACKS**, and
in empty **CRIBS**!

Did you know? Every year, around 3,500 babies in the United States die suddenly and unexpectedly while they are sleeping. Most of these tragic deaths are due to sudden infant death syndrome (SIDS) or accidental deaths from suffocation or strangulation.
